# PUSHING PRINTING OF ASSEMBLY ACTS

## Capt. O'Bannon Striving to Be Ready for the Revision Committee.

Captain J. H. O'Bannon, Superintendent of Public Printing, is busy in his office, making overy effort to have the Acts of Assembly up to the day of the recent recess adjournment printed by the 4th of June, on which date the Committee on Final Revision and Adjustment will meet here to take up the arduous task of reviewing the work of the long session.

Captain O'Bannon estimates that the acts will make a volume of about 500 pages, 300 of which he has already had printed. The printing of the other 200 will require most of the time from now until June 4th.

There are several reasons for this, One is that the demand for House bill No. 102, relating to the subject of corporations, which became law on Thursday without the Governor's signature, is in such great demand that a number of copies have been ordered printed in pamphile form for the use of members, and the same is true of the several game bills and that relating to the organization and government of comities.

All this work Captain O'Bannon will

# AT OLD POINT

Tobacco Men Have Just Made Selection.

WILL ASSEMBLE IN JULY

Arrangements for Our St. Louis Exhibit-Planting De-

State.

The selection of the place of meeting has just been announced. The session will be held in July upon some date to be chosen shortly by the president of the association, Mr. T. M. Carrington, of this city. The Hotel Chamberlin will be the headquarters. The committee which made the selection is composed of General Stith Bolling, of Petersburg; Mr. W. T. Clark, of Wilson, N. C.; Mr. A. B. Carrington, of Danville; Mr. Charles W. Bahmer, of Clarksville, Tenn., and Mr. William King, of Lynchburg.

The attendance upon the meeting is expected to be very large. Representatives from every tobacco market will probably attend. From the very start Virginia and North Carolina have been enthusiastic in the promotion of the good of the association. Kentucky, Tennessee and Ohiohave been a little luke warm, but it is hoped that they will make themselves. The selection of the place of meeting

hoped that they will make themselves heard in the next convention, both in number and in suggestions that will help the organization. The social feature of the gathering will be unusually attractive. INSURANCE MATTERS.

INSURANCE MATTERS.

The Virginia members on the Insurance Committee of the association will meet a committee of the Southeastern Tariff Association in this city very shortly, with a view to adjusting the unsatisfactory rating buildings used in the tobacco business. The question of insurance is one of the very livest interest among the tobacco men and the conference will probably be watched with eagerness. If anything tungible results from the meeting the action will be extended to cover the entire tobacco section. bacco section.

A great central space in the Palacs of Agriculture has been reserved by Mr. Frederic W. Taylor, the chief of the Department of Agriculture and Horticulture for this purpose. The plans of the authorities for the "universal" tobacco exhibit will permit the use of towers, domes, turrets and other arnate designs not exceeding fifty feet in height. The space at present reserved, and which will be enlarged if need be, is 62x185 feet, with a 20-foot aisle in each of the long sides of the parallelogram, and bisected by a 10-foot cross alsie, thus rendering effective from every approach the ornamental features of this picture in sepla. ## POLITICAL POT IN PITTSYLVANIA

Pittsylvania county will have one of the warmest campaigns in the State this fall for county officers. The chief contests are those for count clerk and treasurer. The circuit and county clerks in this county did not reach an agreement as in nearly all the other counties, and as a consequence there will be a campaign between the county and circuit clerks for the clerkship under the new regime with but one clerk. Mr. S. S. Hurt is the circuit clerk, and Mr. W. B. > VIRGINIA PRESS AT OCEAN VIEW

### Executive Committee Unable to Hold Out Against Temptations of Popular Resort A called meeting of the Executive Com-

mittee of the Virginia Press Association was held in this city yesterday to arrange for the annual meeting of the Association this summer. Manager Davidson, of the Ocean View Hote, and Mr. M. W. Norvell, representing the Norfolk Railway and Light Company, appeared before the committee, and invited the Association to meet at Ocean View. Mr. Davidson offered a rate of \$2 per day, and Mr. Norvell offered in addition transportation free of charge over all the electric lines of the railway company represented by him. He also offered the Association an excursion around the loop of the railway

company, embracing a trip from Ocean View to Old Point by water; from Old Point via Soldiers' Home and the Hampton Normal School to Newport News by trolley; a ride around the city of Newport News, including a visit to the shiptyrad; a trip by water from Newport News to Sewell's Point, where the samestown Exposition is to be held; a trip by trolley line from Sewell's Point to Norfolk; a ride attrough Norfolk and back to Ocean View. Mr. Davidson offered to give the Association a banquet at his hotel, and to do everything in his power to make the meeting thoroughly enloyable.

This offer was too tempting to be declined and the committee unanimously enloyable.

This offer was too tempting to be declined and the committee unanimously decided to accept it. The Association will therefore meet at Ocean View on Tuesday, July 14th.

There were other considerations. The committee at one time thought of having the meeting at the Hot Springs, but satisfactory arrangements could not be made and no satisfactory offer was made from any other mountain resort. It has been the custom of the Association to meet one year at the seashore and the next year in the mountains, but as the St. Louis Exposition will be held next year and as it is flesirable to hold the meeting of the Association in 1994 in the western part of the State, so as to have the members well on the way to St. Louis from that meeting, there were good reason for breaking the rule this year and helding the meeting at the seashore, not withstanding that the meeting last year was held at Virgina Beach.

Under all the circumstances the committee did not see any good reason for the approval of the meeting last year was held at Virgina Beach.

Under all the circumstances the committee did not see any good reason for the meeting at ocean View, and it is to be hoped that this arrangement will meet with the approval of the members. Ocean View offers many attractions in the way of bathing and fishing, and is one of the most popular resorts on the Atlantic coast.
